

Anti-Climb Wall Spikes

Heavy-gauge stamped spike strips for concrete walls, precast boundaries and compatible fence or gate tops.

Configuration for Quotation

Item	Typical basis	Project option / decision
Base material	2.0 / 2.5 mm steel	Stainless steel 304
Spike height	60 / 110 / 150 mm	Heavy-duty tooth
Finish	Hot-dip galvanized / powder coated	RAL matching
Mounting	Pre-punched base strip	Anchors by substrate
Length	Project pack length	Confirm handling limits

Inspection Points

- Strip thickness and tooth geometry
- Hole centres and mounting surface
- Finish and edge condition
- Nested packing with dividers

RFQ Inputs

- Spike height and strip length
- Base thickness and material
- Wall or rail substrate
- Anchor requirement
- Finish, quantity and destination

Quotation Control

Typical values organize the quotation; they are not a substitute for an approved project specification. Final construction, tolerances, finish, packing, quantities and document scope must be stated in the accepted quotation and order documents.
