

Base-Plated Fence Posts

RHS or round posts welded to pre-drilled structural flanges for anchoring to suitable concrete substrates.

Configuration for Quotation

Item	Typical basis	Project option / decision
Base flange	150 x 150 x 8 / 200 x 200 x 10 mm	Custom plate and gussets
Post profile	60 x 60 / 80 x 80 mm RHS	Round / peach posts
Post height	1.2 to 4.0 m project range	Cut and drilled to drawing
Anchors	M12 x 120 mm wedge anchors	Chemical option
Weld	Continuous post-to-plate	Review by support design

Inspection Points

- Post and plate dimensions
- Hole centres and plate flatness
- Continuous weld condition
- Protected flanges and coated surfaces

RFQ Inputs

- Post section and height
- Plate size, thickness and hole pattern
- Fence panel and loading basis
- Concrete substrate and edge distance
- Anchors, finish and destination

Quotation Control

Typical values organize the quotation; they are not a substitute for an approved project specification. Final construction, tolerances, finish, packing, quantities and document scope must be stated in the accepted quotation and order documents.
