

Steel Palisade Fencing System

Cold-formed W-section pales bolted to rails for industrial and high-security perimeter construction.

Configuration for Quotation

Item	Typical basis	Project option / decision
Pale profile	W section	D section by quotation
Pale thickness	2.0 / 2.5 / 3.0 mm	Project selection
Height	1.8 to 3.0 m typical	Custom height
Assembly	Two rails, bolted pales	Anti-tamper options
Finish	Hot-dip galvanized	Duplex coating option

Inspection Points

- Pale profile, thickness and head form
- Rail drilling and pale spacing
- Representative bay assembly
- Galvanizing and protected contact points

RFQ Inputs

- Finished height and total length
- W or D pale and thickness
- Head shape and spacing
- Posts, rails and foundations
- Finish and destination

Quotation Control

Typical values organize the quotation; they are not a substitute for an approved project specification. Final construction, tolerances, finish, packing, quantities and document scope must be stated in the accepted quotation and order documents.
